Math Concept: Multiplication

Materials: 2 paper clips, game board, 2 colors of chips for markers

Directions: This game is for 2 players. Player 1 puts the paper clips on any numbers at the bottom of the board and places a chip on the product of the two factors. (Both clips can be on the same number.) Player 2 may move only one clip and then places a chip on the product of the factors. Continue taking turns until one player has four products in a row.
